

Amitabh Kant Sir's IPR Webinar speech

Honorable Minister Uday Samant ji, Vice Chancellor of Savitribai Phule Pune University and Professor Ganesh Hingmire, I am happy to inaugurate this webinar on intellectual property right organized by GMGC, Savitribai Phule Pune University, and MMCC College.

In my very recent article published on 12th May, I have mentioned that India should aim to go from one of the most improved IPR Nations to the number one IPR nation delivering the most rapid, most scrutinize and fair IP grant,

I have always emphasize that Indian Universities should acquired strong IP policy like Western countries adopted and became self sustainable, if Oxford University is earning/generating billions of rupees through IP licensing then why not Oxford of East i.e. Pune University can't make it? I suggest and request academicians and participants who are right now for this webinar are professors and teachers, please be a contributor to the nation as IP creator and commercialization thereafter, let's use IPR as a tool for economic growth of India,

I know professor Ganesh Hingmire since I was secretary to DIPP, I have tweeted about him as panwala to Two National IP Awards winner and Ambassador of Indian Geographical Indication, he is trying to take this subject to the masses and I wish him best for future endeavors,

I am thankful to the organizer for inviting me to inaugurate this important webinar on intellectual property rights; I wish a great success for this 2 day's webinar!

Thank you all!
